

## FBT™ Series of Fold & Roll Booths

### Transforming Education & Collaborative Environments

Effective student engagement is as vital as ever – and constantly evolving. Whether it's calling out a teachable moment during a distance learning class or providing a unique lunch experience – traditional school furnishings are not the best alternative for today's collaborative settings. That's why we created the FBT Series of fold & roll booths.

### Versatile. Mobile. Impactful.

FBT Series of fold & roll booths combine an artistic profile with unparalleled functionality. They easily fold and roll, and are quickly deployable with specific models offering onboard power, monitor-mounting capability and additional surface space to support training, dining and collaborative needs, with ADA configurations available.

### Features & Benefits

- Turns designated areas as well as underutilized niches alike in lobbies, corridors and break rooms into meaningful touch down and meeting spaces
- Promotes occupant interaction across all configurations, with select models designed with distance learning and peer mentoring in mind
- Created for diverse, multipurpose spaces, from individual unit use for small groups to mix-and-match configurations for larger learning, dining or collaborative settings
- Patent-pending design; easily deploys, folds and rolls to immediately redefine space requirements
- Tightly nests to maximize storage space (15 linear feet accommodates 10 units)
- Custom laminate colors and branding available to elicit school pride
- Proven engineering stands up to the rigors of multiple daily deployments, cleaning and disinfection, and less-than-gentle care
- Enhanced safety – first and foremost: features include anti-pinch points, locking casters, and pneumatic-assist lift and deployment
- Made in the USA

## Models & Specifications

**FBT-L-XE-XT-XV**

Low partition design

**FBT-L-EL-XT-XV**

Low partition design  
with onboard electrical  
connectivity

**FBT-L-XE-LF-XV**

Low partition design with lift  
& lock deployable leaf

**FBT-L-XE-LFADA-XV**

ADA-compliant, low partition  
design with lift & lock  
deployable leaf  
*Wheelchair not included.*

**FBT-H-XE-XV**

High partition design

**FBT-H-EL-XV**

High partition design  
with onboard electrical  
connectivity

**FBT-H-EL-VD**

High partition design  
with onboard electrical  
connectivity and monitor  
mount  
*Monitor not included.*

Model	Deployed Dimensions (LxWxH) in inches	Folded Dimensions (LxWxH) in inches	Bench Height (inches)	Tabletop Dimensions (inches)	Weight (lbs)	Occupant Seating
FBT-L-XE-XT-XV	73.5 x 77.13 x 38.5	40 x 76.5 x 77.67	16.42	57.5 x 30	365	Up to 6 adults
