

AEP SERIES CHAIRS

Polished cast aluminum base/saddle-shaped seat/ backrest with lumbar curve.

Choose AEP chairs for top performance in a variety of environments including; industry, education, laboratory, clean room, static control, healthcare and office.

Each chair within this series features a different base to meet varied environmental and budget demands. Larger, saddle-shaped seats and basic ergonomic backrests are standard. Select options like seat adjustment controls, backrests, armrests, casters and glides.

STANDARD FEATURES

Backrest: 15 1/2" wide x 14 1/2" high, lumbar support, plastic protective panel.

Seat: Saddle-shaped seat with waterfall front, 21" wide x 19" deep x 3" thick with four-way contouring and internal seat board bumperguard.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 31/2°, backrest tilt, backrest-height adjustment.

Base: 5-legged fully polished cast aluminum base with 27" leg spread (26" caster to caster).

Casters and Glides: Models available standard with casters have an R following the model number/manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors; many other optional casters/glides are available.

Fire Retardant: Meets California Technical Bulletin 117; treatment to meet CAL 133 is available as an option.

Upholstery: A wide range of upholstery vinyls and fabrics are available to meet your needs.

Metal Parts: AEP Series chairs have a powder-coated finish as standard or a chrome-plated finish when specified with a C option code (base remains polished on powder-coated models).

Model shown has optional chrome metal parts.
