

ETP SERIES CHAIRS

**Polished cast aluminum base/waterfall front seat/
trapezoid lumbar support backrest.**

ETP chairs are recommended for the following environments: industry, education, laboratory, clean room, static control, healthcare and office.

Each chair within this series features a different base to meet varied environmental and budget demands. They feature an ergonomic backrest, a comfortable waterfall-front seat with four-way contouring for proper weight distribution, and controls for easy adjustment. Customize by selecting from a wide variety of options, upholstery or performance packages.

Model shown has optional chrome metal parts.

STANDARD FEATURES

Backrest: 14 1/2" wide x 9 1/2" high, lumbar support, plastic protective panel.

Seat: Ergonomic, 18 1/2" wide x 17" deep x 3" thick with waterfall front, four-way contouring and internal seat board bumperguard.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 31/2°, backrest tilt, backrest-height adjustment.

Base: 5-legged fully polished cast aluminum base with 27" leg spread (26" caster to caster); not for ESD use.

Casters and Glides: Models available standard with casters have an R following the model number/manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors; many other optional casters/glides are available.

Fire Retardant: Meets California Technical Bulletin 117; treatment to meet CAL 133 is available as an option.

Upholstery: A wide range of upholstery vinyls and fabrics are available to meet your needs.

Metal Parts: ETP Series chairs have a powder-coated finish as standard or a chrome-plated finish when specified with a C option code.
