

FCN SERIES CHAIRS

Saddle-shaped, contoured seat/5-legged black reinforced composite base.

FCN chairs are recommended for use in healthcare, educational, industrial and office settings.

The upgraded, sewn seam design of this chair series is only part of the story behind its fresh look and feel – the rest lies in the foam. Using seams allows us to minimize compression of the pre-contoured foam seat and backrest during the manufacturing process. As a result, the chairs remain substantially more comfortable over time. Plus, they are fully customizable.
