FS SERIES FOOTRESTS

Ergonomic footrests promote comfort from head-to-toe.

Free-standing adjustable footrests provide workers foot support when their chairs cannot, relieving stress on the underside of their thighs. BioFit footrests can maximize worker comfort and productivity – especially when combined with one of our superior ergonomic chair products.

FS ergonomic footrests feature rectangular steel frames, are available in two platform widths, and adjust from 3 to 11 inches in height.

FOOTREST OVERVIEW

Adj. Range	Platform Size	Mfg. #
3"-11"	20" wide x 11" deep	FS-1
3"-11"	12" wide x 11" deep	FS-2
