

# FOLD-N-ROLL SERIES TABLES

BioFit Fold-N-Roll tables are the perfect solution for classrooms, testing centers, meeting facilities and anyplace where durable, highly mobile and easily stored tables are required. They can be opened or closed in five seconds, meaning a quick transition from learning lab to dance floor, and are available in a range of sizes and shapes. Fold-N-Roll tables are also available in ADA-compliant versions.

## OPTIONS

**Frame Color Options:** Black, Gray, Putty, Chrome

**Other:** Available in ADA-compliant configurations.

## STANDARD FEATURES

**Recessed Vertical Hinge:** When in folded position, automatically locks for enhanced stability. Lock keeps in-use table from raising in the center. Torsion bar assist system allows easy folding by a single person. Will not trap food and bacteria, plus offers protection against pinched fingers.

**14 Gauge Steel Frame:** Welded robotically for uniform strength.

**Exclusive ComfortRim™ Edge Profile:** Gentle on forearms, enhancing user comfort.

**Rugged, Seamless Edging:** Table tops feature an extremely durable food- and bacteria-resistant edge. Color options: Black, Slate Grey, Dove Grey, Indigo, Plum

**Wheels:** Non-marring, four-inch neoprene wheels ensure smooth, easy handling.

**Table Top Laminate Options:** Bannister Oak, Gray Nebula, Hunter Nebula, Beige Nebula

**Preschooler Table Tops:** Red, Yellow, Blue

Other top colors available; up-charge and extended delivery may apply. Contact your service rep for more information.

61"L x 72"W x 29"H	10-12 younger students; 10 adults, larger students or athletes	OVFR7229C	OVFR7229

## SURFACE CARE

### Table Top Surface Care and Cleaning Tips

Use a damp cloth or sponge and mild soap or detergent. Difficult stains like coffee or tea can be removed using a mild household cleaner, such as Formula 409® or equivalent. Do not scrub so as to mar (damage, scratch) the surface finish.

Stubborn stains may require the use of undiluted household bleach or nail polish remover.

Using a cotton ball saturated with bleach or nail polish remover (acetone), gently rub the stain for two minutes. Rinse thoroughly with warm water and wipe dry using a soft cloth. Repeat this step if it appears that the stain is going away, and the color of the laminate has not been affected.

**WARNING:** Prolonged exposure of the laminate surface to bleach will cause discoloration.

Always rinse laminate surface after cleaning!! Failure to rinse after cleaning can cause damage even if a small amount of cleaning solution remains on the surface.

### Do not use the following to clean laminate surfaces:

Steel wool, rust removers, acidic or abrasive cleaners, toilet bowl cleaners, Muriatic Acid, Hydrogen Chloride, Oleic Acid, Oil of Vitriol, Oleum, Caustic Soda, Lye, Soda Lye, or Pumice (Abrasive).

Remember, sharp objects can damage the surface of the laminate, marring the beauty and lowering the wear and stain resistance. Laminated surfaces may need occasional dusting, using a non-oily furniture spray.
