

KXT SERIES CHAIRS

Tubular base/one-piece ergonomic shell seat.

KXT chairs are recommended for the following environments: education, healthcare, laboratory and clean rooms.

The KX Series' one-piece ergonomic shell is molded of super high-density polypropylene specifically engineered to deliver durability combined with cost-effectiveness for today's economic climate and working environments.

Available in six standard colors: Newport Burgundy, Nordic Black, Highland Green, Pacific (dark) Blue, Caribbean Orange and Mediterranean (light) Blue. Also available in custom color options.

STANDARD FEATURES

Colors: Newport Burgundy, Nordic Black, Highland Green, Pacific (dark) Blue, Caribbean Orange and Mediterranean (light) Blue.

Seat/Backrest: 18" wide x 17" deep x 18.5" high, one-piece, high-density polypropylene plastic shell.

Controls: Soft-touch pneumatic seat-height adjustment.

Metal Parts: Black powder-coated finish.* A chrome-plated finish is standard with performance packages. Chrome also is offered as an added-cost option on most other seating.

Choice of bases as indicated: Tubular (T), cast aluminum (C), reinforced nylon (N) or polished aluminum (P). Base type is the third letter of the manufacturing code.

Casters and Glides: Models available standard with casters have an R following the manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors.

Seat/Backrest Colors: Several color choices are available to meet your needs.
