

# RTC SERIES STOOLS

## Sturdy cast aluminum base/round upholstered seat/ trapezoid lumbar support backrest.

Choose RTC stools for top performance in a wide variety of environments including: industry, education, laboratory, static control and healthcare.

Each stool within this series features a different base to meet varied environmental and budget demands. Round upholstered seats and trapezoid lumbar support backrests are standard. Select options like seat adjustment controls, backrests, casters and glides.

### STANDARD FEATURES

**Backrest:** 14 1/2" wide x 9 1/2" high, lumbar support, plastic protective panel.

**Seat:** Round, 16" diameter, upholstered, with 4" of high-resilience molded foam cushioning.

**Controls:** Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 31/2°, backrest tilt, backrest-height adjustment.

**Base:** 5-legged cast aluminum base with 23" leg spread.

**Casters and Glides:** Models available standard with casters have an R following the model number/manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors; many other optional casters/glides are available.

**Fire Retardant:** Meets California Technical Bulletin 117; treatment to meet CAL 133 is optionally available.

**Upholstery:** A wide range of upholstery vinyls and fabrics are available to meet your needs.

**Metal Parts:** RTC Series stools have a powder-coated finish as standard or a chrome-plated finish when specified with a C option code (aluminum base has a polished top with the C option).
