

TXC SERIES STOOLS

Cast aluminum base/round steel seat.

Choose TXC stools for top performance in a wide variety of environments including: industry, education, laboratory, clean room and healthcare.

Stools within this series feature 18-gauge steel seat with 4 standard bases to choose from. Pneumatic seat height controls are also standard. Customize with a wide variety of performance options.

Model shown has optional chrome metal parts.

STANDARD FEATURES

Seat: Round, 13" diameter, made of 18-gauge steel with formed flange and no sharp edges.

Controls: Soft-touch pneumatic seat-height adjustment.

Base: 5-legged cast aluminum base with 23" leg spread.

Metal Parts: TXC Series chairs have a powder-coated finish as standard or a chrome-plated finish when specified with a C option code (aluminum base has a polished top with the C option).

Casters and Glides: Models available standard with casters have an R following the model number/manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors; many other optional casters/glides are available.
