

# WWP SERIES CHAIRS

## Polished cast aluminum base/matching maple plywood seat and backrest.

Choose WWP chairs for top performance in the following environments; industry, education, laboratory and healthcare.

Each chair within this series features a different base to meet varied environmental and budget demands. 7-ply American maple contoured seats and 5-ply concave backrests are standard. Customize by selecting from a wide variety of options.

### STANDARD FEATURES

**Backrest:** 14 1/2" wide x 8 3/4" high x 1/4" thick 5-ply maple plywood.

**Seat:** Matching 7-ply maple plywood seat is 16 1/2" wide x 15 1/4" deep x 1/2" thick with waterfall front.

**Controls:** Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 31/2°, backrest tilt, backrest-height adjustment.

**Base:** 5-legged fully polished cast aluminum base with 27" leg spread (26" caster to caster).

**Casters and Glides:** Models available standard with casters have an R following the model number/manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors; many other optional casters/glides are available.

**Metal Parts:** WWP Series chairs have a powder-coated finish as standard or a chrome-plated finish when specified with a C option code (base remains polished on powder-coated models).
