

CXT SERIES STOOLS

Rugged tubular base/round self-skinned urethane seat.

Choose CXT stools for top performance in a wide variety of environments including: industry, education, laboratory, clean room, anti-static and healthcare.

These stools are standard-equipped with round, 14" diameter x 1 1/2" thick, self-skinned urethane seats and soft-touch pneumatic controls. Select from four available bases and customize with performance options.

STANDARD FEATURES

Seat: Round, 14" diameter x 1 1/2" thick, self-skinned urethane.

Controls: Soft-touch pneumatic seat-height adjustment.

Base: Rugged 5-legged tubular steel base with 20" diameter attached footring, 23" leg spread.

Metal Parts: CXT Series chairs have a powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

Casters and Glides: Models available standard with casters have an R following the model number/manufacturing code. The remaining models are standard with nickel-plated glides. Standard casters are a single-wheel ball bearing caster for hard floors; many other optional casters/glides are available.
