

Shown with optional chrome plated metal parts.

FLA SERIES CHAIRS

Saddle-shaped, contoured seat with sewn seams/
5-legged cast aluminum base.

FLA chairs are recommended for use in healthcare, educational, industrial, office and static control settings.

Chairs in the FL series are manufactured using a process that allows for a natural, unencumbered expansion of the foam cushioning in the seat and backrest. In turn, this creates a noticeable increase in user comfort and support over what is considered average. Better yet, they can be customized with different options, upholsteries and performance packages.

STANDARD FEATURES

Backrest: Ergonomic backrest with sewn seams and lumbar support, 15.5" wide x 14.5" high.

Seat: Saddle-shaped, contoured seat with sewn seams and waterfall front, 21" wide x 19" deep x 3" thick.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

Base: High-profile, Euro-style cast aluminum base with 25.6" diameter; T-shape construction provides added strength and facilitates easy cleaning.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Fire Retardant: Meets California Technical Bulletin 117.

Upholstery: A wide range of vinyl and fabric upholstery options are available to meet your needs.

Metal Parts: FLA Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code (aluminum base has a polished top with the C option).

Warranty: 13 years.

SEAT HEIGHT RANGES

Adj. Range	Model# Mfg. Code
17" - 22"	FLA-L-RC
19" - 26"	FLA-M-RC
