

# FLR SERIES CHAIRS

Saddle-shaped, contoured seat with sewn seams/  
5-legged black reinforced composite base.

FLR Series chairs are recommended for use in healthcare, educational, industrial, office and static control settings.

Chairs in the FL series are manufactured using a process that allows for a natural, unencumbered expansion of the foam cushioning in the seat and backrest. In turn, this creates a noticeable increase in user comfort and support over what is considered average. Better yet, they can be customized with different options, upholsteries and performance packages.

## STANDARD FEATURES

**Backrest:** Ergonomic backrest with sewn seams and lumbar support, 15.5" wide x 14.5" high.

**Seat:** Saddle-shaped, contoured seat with sewn seams and waterfall front, 21" wide x 19" deep x 3" thick.

**Controls:** Standard with Task Control—Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

**Base:** Reinforced composite base with 25.6" diameter; features high-profile Euro-look and T-shape construction for added strength and easy cleanability.

**Casters and Glides:** Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

**Fire Retardant:** Meets California Technical Bulletin 117.

**Upholstery:** A wide range of vinyl and fabric upholstery options are available to meet your needs.

**Metal Parts:** FLR Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code (base remains black composite with the C option).

**Warranty:** 13 years.
