

Model shown has optional chrome metal parts.

HCW SERIES CHAIRS

Upper and lower back support/polished wide aluminum base/contoured seat with sewn seams.

HCW chairs are recommended for use in healthcare, educational, industrial, office and static control settings.

HC series chairs provide a preview of the way style and function are shaping up at BioFit. The upgraded sewn seam design of this line minimizes foam compression during manufacturing – a process that maximizes comfort over the lifecycle of the chairs. Select from a range of different components, upholstery options and performance packages.

STANDARD FEATURES

Backrest: Larger ergonomic backrest with sewn seams, both lower and upper back support 18" wide x 19" high.

Seat: Ergonomic, four-way contoured seat with sewn seams and waterfall front, 18.5" wide x 17" deep x 3" thick.

Controls: Standard with Task Control – Soft-touch pneumatic seat-height adjustment, fixed rearward seat tilt of 3.5°, backrest tilt, backrest-height adjustment.

Base: High-profile, polished wide aluminum base, 28.7" diameter; European-look delivers impactful aesthetic and T-shape construction provides added stability.

Casters and Glides: Dual-wheel, non-marring polyurethane casters resist movement when the seat is unoccupied.

Fire Retardant: Meets California Technical Bulletin 117.

Upholstery: A wide range of vinyl and fabric upholstery options are available to meet your needs.

Metal Parts: HCW Series chairs have a black powder-coated finish as standard or a chrome-plated finish when specified with a C option code.

Warranty: 13 years.
