

BIOFIT
FITS. YOU.

**Breathe easy.
Zephyr™ has your back.**

Sleek mesh backrest is flexible, durable and adjustable to provide lasting comfort and performance.

AP design

AP saddle-shaped managerial-style seat is wide and comfortable with a thigh-friendly waterfall front edge.

It's cool. It's ergonomically correct. It's Zephyr™ – the latest addition to the BioFit office seating line.

Let's face it – sitting in a cheaply manufactured office chair can be an eight-hour-per-day job in itself, not to mention uncomfortable. So it only makes sense to use a chair that's constructed for the long haul and designed with all-day comfort in mind. Zephyr combines the best of both worlds with a contemporary, refreshing mesh back that includes an adjustable lumbar support feature to enhance user performance from 9 to 5 and beyond.

Zephyr has a distinctively cosmopolitan look and is built with the same quality materials and craftsmanship BioFit is known for, as well as being backed by our renowned 13-year warranty.

FP design

Contoured FP seat features a stylish sewn-seam design and firm, unencumbered foam cushioning for great looks and all-day comfort.

Adjustable lumbar pad can be easily positioned to provide added ergonomic support where it's most needed.

Four padded, adjustable armrest options are available, finished in contemporary black urethane skin or upholstered to match selected seat finish.

(Model shown has optional PSAS armrests)

Armrest Options

ARS – height and width adjustable with self-skinned urethane pads

ARU – height and width adjustable with upholstered pads

PSAS – height adjustable with self-skinned urethane pads

PSAU – height adjustable with upholstered pads

Improve your outlook with features and functions for the way you work.

AP & FP Standard Features

Backrest: Both models feature roomy and ergonomic nylon mesh backs with composite frames, adjustable lumbar support, and back height adjustment. Size: 19" wide X 24" high.

Seat Options: **AP** Design features saddle-shaped seat with waterfall front, 21" wide x 19" deep x 3" thick with four-way contouring and internal seat board bumper guard.

FP Design features saddle-shaped, contoured seat with sewn seams and waterfall front, 21" wide x 19" deep x 3" thick.

Controls: Both models feature an executive-style control with pneumatic seat-height adjustment, backrest-tilt adjustment, seat-tilt adjustment and spring-tension control knob.

Base Choices: Each design comes with a 5-legged base, available standard in polished aluminum (manufacturing code **P**) or reinforced nylon (code **N**).

Casters: Both designs come standard with hooded dual-wheel ball bearing casters for use on hard surfaces (manufacturing code **RH**).

Foot Ring: Adjustable foot ring is standard on both models with 19"-26" range seat-height pneumatic (manufacturing code **ATF**).

Upholstery: A wide range of upholstery options are available for both models. **FP** Design is available with cloth upholstery only.

Metal Finish: Black powder-coated finish is standard. Chrome finish is available as an added-cost option (manufacturing code **C** denotes chrome plated finish on pneumatic mechanism).

Zephyr™ comes standard with an executive-style seat control, two height ranges (desk and desk-to-bench height) and contoured sewn seams or ergonomic saddle-shaped seat. Available options include four styles of adjustable arms, chrome finish and numerous upholstery selections.

There may be other mesh back chairs out there. But only Zephyr has the BioFit name on it – **guaranteeing that it's engineered for durability, comfort and ergonomic performance.** So sit down, turn on the computer and breathe a sigh of relief.

BioFit seating products are warranted against mechanical or structural failure due to defective material, workmanship, or abnormal wear for 13 years of normal use. Pneumatic cylinders are covered for the functional lifetime of the chair or stool.

BioFit reserves the right to recondition or replace any units covered by this guarantee. Freight and any other consequential damages are not covered. All return shipments require written authorization and must be freight prepaid unless otherwise approved in writing. COM upholstery materials are not covered.

BioFit takes its warranty, repair and maintenance responsibilities very seriously. Efforts by unqualified personnel to perform repairs on seating products can result in dangerous conditions which can lead to serious bodily injury. Any attempt to modify, alter or make unauthorized repairs to BioFit products may not only seriously jeopardize the safety of the user, but will void this warranty in every respect.
